

YEAR 2000 READINESS DISCLOSURE STATEMENT UNDER THE YEAR 2000 READINESS AND DISCLOSURE ACT

Year 2000 Compliance

Dear Customer,

In our commitment to serve our customers, South-Western performed internal Year 2000 compliance testing for our primary software products. To validate our internal study, we are also conducted a software audit with an independent third-party firm, which reinforced our internal assessment.

We would like to encourage you to consider conducting your own internal analysis of your school's operating system for Year 2000 compliance (standalone pc and network). To ensure that our software products operate properly, the computer running the software must be Year 2000 compliant.

Thank you for visiting swep.com and best wishes for a prosperous school year.

South-Western Educational Publishing

Disclaimer:

This Statement of Compliance refers to the South-Western product as one written and delivered by South-Western. The Compliance Statement does not apply to hardware, operating systems, user-customizable features or third-party add-on features or products, including items such as macros and custom programming and formatting features. The South-Western Statement of Compliance does not constitute a warranty or extend the terms of any existing warranty. The warranties provided for South-Western 's products, if any, are set forth in the end user license agreements (EULAs) that accompany the products or the terms of the license agreement under which you make use of a South-Western product. The information available from South-Western concerning the year 2000 is provided for the sole purpose of assisting our customers in their planning for the transition to the year 2000.

ACT

Not Tested

This product was not tested by South-Western for Year 2000 Compliance.

Non-Compliant

The software program Automated Accounting 6.0 DOS (0-538-63251-8) is not Y2K compatible. Due to the age of the product and the availability of more current versions, South-Western Educational Publishing elected not to update this version. The following options are available to any customer who would like to upgrade from Automated Accounting 6.0 DOS:

1. You can receive a free upgrade to Automated Accounting 6.0 WINDOWS (which is Y2K compatible). The free upgrade does not include the templates linking Century 21 Accounting and Automated Accounting.
2. You can receive a 20% discount on an upgrade to Automated Accounting 7.0 Windows. New program software and templates will be required.

If you need any additional sales information, contact our Sales Support at 1-800-824-5179.

Compliant

This product is compliant with Year 2000. A year 2000 compliant product for South-Western Educational Publishing and West Educational Publishing (SWEP/WEP) will not cause any processing errors when December 31, 1999 changes into January 1, 2000 when used in accordance with its documentation and the instructions and exceptions outlined in the SWEP/WEP Year 2000 Disclosure and Resource Center.

Disclaimer:

This Statement of Compliance refers to the SWEP/WEP product as one written and delivered by SWEP/WEP. The Compliance Statement does not apply to hardware, operating systems, user-customizable features or third-party add-on features or products, including items such as macros and custom programming and formatting features. The use of two digit representations of the year does not constitute non-compliance. The SWEP/WEP Statement of Compliance does not constitute a warranty or extend the terms of any existing warranty.

The warranties provided for SWEP/WEP's products, if any, are set forth in the end user license agreements (EULAs) that accompany the products or the terms of the license agreement under which you make use of a SWEP/WEP product. The information available from SWEP/WEP concerning the year 2000 is provided for the sole purpose of assisting our customers in their planning for the transition to the year 2000.

Title
Winning Streak

ISBN
0-538-60377-1

Brief description of issue: Product is fully functional. No data losses; however when entering the initial date, the program has "19" hard-coded in the year field. The program only displays and/or prints the last 2 digits of the year whenever the date is displayed or printed. Therefore, the date displays or prints correctly throughout the program.

DISCLOSURE ACT

Classification System for Year 2000 Products

The SWEP/WEP Year 2000 Disclosure and Resource Center Provides specific Year 2000 information about SWEP/WEP products. The information available from SWEP/WEP concerning the Year 2000 is provided for the sole purpose of assisting our customers in their planning for the transition to the Year 2000. This constitutes an incomplete list of SWEP/WEP products and will be updated on a regular basis.

SWEP/WEP has classified products into the following categories:

CATEGORY	DEFINITION
Compliant	This product will not cause any processing errors when December 31, 1999 changes into January 1, 2000 when used in accordance with its documentation and the instructions and exceptions outlined in the SWEP/WEP Year 2000 Disclosure and Resource Center.
Compliant with Issues	The product meets SWEP/WEP standards of compliance with some disclosed minor issues.
Not Compliant	The product does not meet SWEP/WEP standards of compliance.
Testing in Progress	The product testing is not complete
Update	An updated version of this product will be released.
